Some hold aloof, following arcane knowledge, seeking ever more patterns, ever more names, but using their knowledge for nothing. Others hide their ambition under the grey cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Roke lives on its great past, defended by a thousand spells against the present day. And inside those spell-walls, what is there? Quarrelling ambitions, fear of anything new, fear of young men who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage will never return." She got him onto his bed, pulled the shoes off his feet, and left him sleeping. Berry came in late. By now the place that the girl had pointed out to me was deserted. Dulse had the big lore-book open on the table. He had been trying to reweave one of the Acastan Spells, much broken and made powerless by the Emanations of Fundaur centuries ago. Trusting the messenger, Morred entered the trap. He barely escaped with his life. The Enemy pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting the companions who had stayed loyal to him, most of them sailors who had brought their ships to Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but sent Morred's own spell-bound warriors to fight him, and worse, sent sorceries that shriveled up the bodies of his men till they "living, seemed the black thirst-dead of the desert." To spare his people, Morred withdrew.. The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his. And not the right words.. THE ISLAND OF SEMEL lies north and west across the Pelnish Sea from Havnor, south and west of the Enlades. Though it is one of the great isles of the Earthsea Archipelago, there aren't many stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Palm its ill repute, but Semel has only cattle and sheep, forests and little towns, and the great silent volcano called Andanden standing over all.. She pondered - conversation with her was often a slow business - and said, "Rose always said I had power, but she didn't know what kind. And I ... I know I do, but I don't know what it is." She said nothing. Labby, glancing at her, set his woodhorn to his lips. The drummer struck a triple beat on his tabor, and they were off into a sailor's jig.. him with her snout.. "Now that is interesting," said the old scholar, sitting up straighter. "I told you I was

reading about dragons. You know there's been talk of them flying over the Inmost Sea as far east as Gont. That was no doubt Kalessin taking Ged home, multiplied by sailors making a good story better. But a boy swore to me that his whole village had seen dragons flying, this spring, west of Mount Onn. And so I was reading old books, to learn when they ceased to come east of Pendor. And in one I came on your story, or something like it. That men and dragons were all one kind, but they quarrelled.
