"No need," he said in that distant way, as if he hardly knew what she was talking about; but then watched the shadows of the leaves play across the ground. The oakmast was deep; though she had the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad.. "Too high and mighty these days to stop and talk," said Tarry, "though I taught him all he knows." "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can fly to Roke. Or swim, or sail, or come in any way at all. So we must ask what brought you here." "There will I go." "Get the sail down," Medra said, peremptory. "A great enemy has gathered against you, south in the Inmost Sea, and we are going to destroy them. A hundred ships will sail from the Great Port, from Omer and South Port and your fiefdom on Hosk, the greatest navy the world has seen! I shall lead them. And the glory will be yours," he said, with an open laugh, so that Losen stared at him in a kind of horror, finally beginning to understand who was the master, who the slave.. "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't amount to much that I can see. He did no good to my cow with the caked bag, two years ago. And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing with such powers and evils as they do. But he is a true man, and kind." .file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (91 of 111) [2/5/2004 12:33:31 AM]. The old wizard stood there. "Singing time is over, son," he said. "You must. He had been through a long hard trial and had taken a great chance against a great power. "Thorion has been much with the other Masters, and with the young men. Secret meetings, inner circles. Rumors, whispers. The younger students are frightened, and several have asked me or the Doorkeeper if they may go. And we'd let them go. They met in the lane under Iria Hill in the dark of night, long after sunset, long before dawn. Rose made a dim glow of werelight so that they could find their way through the marshy ground around the spring without falling in a sinkhole among the reeds. In the cold darkness under a few stars and the black curve of the hill, they stripped and waded into the shallow water, their feet sinking deep in velvet mud. The witch touched the girl's hand, saying, "I take your name, child. You are no child. You have no name." There's no truth in this tale but one, which is that indeed one of the first Masters of Roke. There were many such isles in the Archipelago, made barren and desolate by rival wizards' blights. He knew what he smelled like, and thanked her. "Not till you'd come to Oraby, a ten-twelve miles on south." She considered only briefly. "If you need a room for the night, I have one. Or San might, if you're going to the village." Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as verw nadan, Vedurman, the Division. the butterfly fell to the ground, a fragment of brick.
