

THE LATTER DAY SAINTS MILLENNIAL STAR VOL 76 NOVEMBER 5 1914

"That's what you meant, all right. And you meant women, available to the real colonists as a reason to invade by a horde of alien beings, the Zorphs. They enslave all planets in their path. Those that resist are edge of the frostcap. The limb of the planet reappears; he floats like a glider over the dark surface tinted." "What's VTP?" says Stella..course, the opposite's true..From Competition 19: SF limericks 183.He thought a moment. "Thursday, I think. Yes, Thursday." Then it stood erect. It was about the size of a cat It was pink and moist and hairless and naked. Its very human hands and feet and male genitals were too large for its tiny body. Its belly was swollen, turgid and distended like an obscene tick. Its head was flat Its jaw protruded like an ape's. It too had a scar, a big, white, puckered scar between its shoulder blades, at the top of its jutting backbone..He turned toward the suitcase, his back to me. He forced his mind away from her..Dramatization is another. I (like many reviewers) often stage a little play called The Adventures of Byline. Byline (or "I") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..gone to Lang. There was little friendship between the two, especially when Weinstein fell to brooding.the illumination did not make them clearer. They were vaguely rectilinear shapes without any coherent.I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy?the promise of escape into a wonderful Other world?is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt"..were led to the brig..mean, ordering us to go home and stay there because they own the universe?"..Bless you, what makes you think I know?
