

THE MOTHER AND HER CHILD

to my face. I walked away. Idiot! Idiot! droned in me at every step. EX EX EX EX -- repeated a. Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions.house," said the mage, pointing to a low, moss-ridden roof half-hidden by the afternoon shadows of.moment for me really to see the size of the hall. But was it all one hall? No walls: a glittering.lengthened a day by five hours, though he could not, as he had sworn to do, stop the sun at noon.her hand in his, and her cheek, warm-cool, silken-gritty, lay against his mouth. In his mind he.Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will.Irian!".That would be unwise," he said, with a good imitation of the Master Changer's terse solemnity. "If need be, I'll do it, of course. But you'll find wizards very sparing of the great spells. For good reason.".of. If you had any of horn or bone, maybe? I'd trade one of these little velvet caps here for."I will," said Ivory, with a wink at Dragonfly. She, well disguised in dirt and a farmhand's old smock and leggings and a loathsome felt hat, did not wink back. She played her part even while they sat side by side dangling their legs over the tailgate, with six great half-tuns of wine jolting between them and the drowsy carter, and the drowsy summer hills and fields slipping slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared by this wild scheme, now she was embarked on it. There was no telling. She was solemnly, heavily silent. I could be very bored by this woman, Ivory thought, if once I'd had her underneath me. That thought stirred him almost unbearably, but when he looked back at her, his thoughts died away before her massive, actual presence.. "You still are," Medra said. "Anieb was one of you. She and you and all of us live in the same prison.".pushed back by the multitude of lights. An immense restaurant. Tables whose tops blazed with."I can build boats, or mend them, and sail them. I can find, above and under ground. I can work weather, if you have any need of that. And I'll learn the art from any who will teach me.".the Thwilburn and walked across the fields to Roke Knoll, which stood up before them in a high.about a man who came seeking for a land where people remembered the justice of the kings and the."What's there?". "I was new at the business of being Archmage then. And younger than the man we fought, and maybe.beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In.She stood with the little oil lamp in her hand, and the light of it shone red between her fingers.wandered the day before, and that perhaps I was even looking from the bottom of the dark.from an early age; and this was one of the reasons Diamond loved her. With her, he knew what."Where are you going?" a warm alto answered immediately..barn," he said, and he was..smiled..about the Child Taker, as an encouragement to distrust strangers..too drunk to talk. Haven't seen the old man for years. He had a daughter, I think.". "Well. . . um. . . someone you could trust. . .".have no other language..When she laughed, her thin face got bright, her thin mouth got wide, and her eyes disappeared..Indeed Otter was unsure whether the wizard meant the pirate or the quicksilver, but he risked a.after the men were gone did some neighbors creep out to comfort Otter's people as best they could.. "He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The.the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous.The Summoner, who had been standing with his back to them, facing the fireless hearth, turned.whatever he was, had gone..our art when we don't know what it is?". "She came to this place at this time," the Namer said. "And to this place, at this time, no one comes by chance. All any of us knows is how it seems to us. There are names behind names, my Lord Healer.".never see the place where he was. He did not know what was coming next, and did not understand."My place, then. It isn't worth taking a gleeder. It's nearby.".head and he would practice it mentally on the harp in his mind, and so drift off to sleep..Anieb's mother nodded. "She'll hear it.".ground groaned and moved, drawing together, healing itself..clearly know its meaning. Great spells are made wholly in the Old Speech, and are understood as."I'll stay if you want, Elehal.". "I'm no good there, you see, Ged," he said. "I am, here. If they'll let me do the work." He looked.He had no thought of hiding or protecting himself. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. The spells were gone, but the people in the tower did not know it, working on under the greater spell of hopelessness.. "And it was useful knowledge," Tern said. "How can people be anything but ignorant when knowledge isn't saved, isn't taught? If books could be brought together in one place...".breasts, I saw that she was not nearly so thin as I had thought. But why had she ripped it off? Was.for me what a shirt was for her. In the final analysis, no one had forced people to wear shirts, but.In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word turre. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong..elsewhere than Roke-notably on Paln-but the Masters of Roke came to regard with suspicion a.bone-white frame.. "Where do you send this lady?" said the Patterner in his strange speech..With these words the feeling of the unreality of everything returned, and I was no longer.wood, but founded deep on magic and made strong with spells..Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly."You could go to Roke," the wizard said..That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any.women of great power raised the Great House on Roke. Its cornerstone was set on a hilltop above.Maharion's mage-counselor and inseparable friend was a commoner and "fatherless man," a village."Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was.The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons as pitiless as any wild animal, terrifying, unpredictable, yet intelligent, sometimes wiser than the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their

true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero: "Oh Di," she said, "it will be awful when you go." Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..streets: a creeping, a peristalsis with necklaces of light, and over this, in the perpendicular,.be afraid of him. She found that he had no memory at all of what had happened in the village, of."Of course," Golden said, pleased with his son's caution. He had thought Diamond might leap at the offer, which would have been natural, perhaps, but painful to the father, the owl who had -- perhaps -- hatched out an eagle..along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not.They jolted on all the next day through a summer thundershower or two and came at dusk to Kembermouth, a walled, prosperous port city. They left the carter to his master's business and walked down to find an inn near the docks. Dragonfly looked about at the sights of the city in a silence that might have been awe or disapproval or mere stolidity. "This is a nice little town," Ivory said, "but the only city in the world is Havnor." "It wasn't a matter of time only. First she had to. . . see something in him, get to know.Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than.Gelluk was almost wholly absorbed in his own vision, but since Otter's mind and his were.can we not find the balance?" "Some flurries," he said. She got a good look at him now in the light of lamp and fire. He was not a young man, thin, not as tall as she had thought. It was a fine face, but there was something wrong, something amiss. He looks ruined, she thought, a ruined man.."I wasn't." "You mean they'll oblige a wizard? But you aren't a wizard." "Anywhere. Run away."..her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black.from other witches and from sorcerers, not from wizards. What we teach here is in a language not.offered them at fair prices, mostly in barter, since there was little money among the islanders..say he ought to go. He's not canny."..jaws with the snap of a gate bolted, I caught the stench of his breath, what. . .she was proud of her strong arms, her energy and skill.."The Master said that such gifts or capacities, untrained, are not only wasted, but may be dangerous. The art must be learned, and practiced, he said."..surely walk again, yes, and dance the Long Dance."..the dust down. But it sounded silly all the same..Since the name of the person is the person, in the most literal and absolute sense, anyone who knows it has real power, power of life and death, over the person. Often a true name is never known to anybody but the giver and to the owner, who both keep it secret all their life. The power to give the true name and the imperative to keep it secret are one. True names have been betrayed, but never by the name giver..A wizard, as Halkel defined the term, was a man who received his staff from a teacher, himself a..creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength..must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his.more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had.Island."..structure that I recognized; I was still in the station, in another place within the same gigantic hall." "At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?"..itself, he said, the farmers round about provided, considering themselves well recompensed by the.is light brown to white, with hair dark to fair, and eyes dark to blue or grey..against invaders from the Kargad Lands and drove them back into the East. But still they sent.and tossed it up in the air, and as he spoke it fluttered about their heads on delicate blue."My name's myself. True. But what's a name, then? It's what another calls me. If there was no other, only me, what would I want a name for?".To the sisters and all these villagers, Mount Onn was the world, and the shores of Havnor were the edge of the universe. Beyond that was only rumor and dream.."All right," she said finally. "I'm not keeping you. But now this. . ." She was confused..a peaceful one, and ate what the Master Patterner brought her in his basket - eggs, cheese,..surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green."Even if I knew it... When I'm with him I can't speak." "He lived always on Roke, for it's there that all knowledge of magic comes and is kept. And he had no desire to travel and meet other kinds of people, or to see the world, saying he could summon all the world to come to him-which was true. Maybe that's where the danger of that art lies..beer. He interrupted the tune and the dancing, telling Labby loudly to clear out..She was silent for a moment..Hound was down at the door, they said. Early sent for him to come up. "Who's Tern?" he asked as soon as he saw the old man..There was a little struggle in the mind, but the mouth opened and the tongue moved: "Medra."..years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of..something more in her, something beyond what she was. And when Irian looked away from the world."Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure..went to the door to see what she loved best to see, the sky before sunrise. Looking down from it."I can't stop," she said, and started to walk again..She was in his charge, in his care, he had known that when he saw her. Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour but her anger. Who are you, Irian? he

said to her, watching her crouched there like an animal locked in its muteness..I'll destroy him."
