She was answered by quiet assent and nods of the head. She did not acknowledge it but plowed right on. "Good for you," he said when Amos had climbed onto the deck and given him the glass. "Now come." "No insult intended, Mary," Weinstein said gently. "But, yes, we have. It's the opinion of the people Earthside that you couldn't do it. They've tried some experiments, coaching some very good pilots and putting them into the simulators. They can't do it, and we don't think you could, either." We're in the Central Arena, the architectural pride of Denver District. This is the largest gathering place in all of Rocky Mountain, that heterogeneous, anachronistic strip-city dinging to the front ranges of the continental divide all the way from Billings down to the southern suburb of El Paso. "Aw, Aunt Ellie!" Someone sat up beside him. He froze, but it was too late. Fiction Writers of America for best short story of the year. colonist on Mars, either. I... things have changed, don't you see? I've been depressed." She looked. I was carrying a long list of rentals, owned by summer people who authorized whiter leasing to pay for the upkeep on their property. They were all over Aventine, from a few apartments down near the shopping square to cabins in the woods and along the shores of both the Lunamere and Heliomere. I explained the choices to Amanda as I handed her into the runabout and unplugged the car from its charger. The Lunamere's main attraction in winter was that it froze over, making sixteen kilometers of ice for skating. The Heliomere was fed by hot springs and, at thirty-five degrees C, was suitable for year-round swimming. Singh and everyone else was silent for a while. He found he really was beginning to believe in the Martians. The theory seemed to cover a lot of otherwise inexplicable facts. "No need to sugar-coat it I know it as well as anyone. But even a billion to one shot is better than. There was another twisting of the facial features. Amanda, her voice rising, said, "You can't do this, Barry was just getting used to the idea of going on to six-digit figures when a woman in a green sofa wheeled up to him and asked what kind of music he liked. Mary Lang sighed, slapped her thighs, and stood up. Like all the others, she was nude and seemed totally at home with it None of them had worn anything but a Martian pressure suit for eight years. She ran her hand lovingly over the gossamer wall, the wall that had provided her and her fellow colonists and their children protection from the cold and the thin air for so long. He was struck by her easy familiarity with what seemed to him outlandish surroundings. She looked at home. He couldn't imagine her anywhere else. cave by accident and meant nothing impolite. But the moon went down, so we had to stop climbing, and. "I can try," said Jack, "or perhaps die trying. But I can do no more and no less." And he took the small pickax they had used to help them climb the mountain. "Pretend then. And don't make it anything flip like that last one. "You'll stay right here," Lang barked, "We know there's not enough power in them to hurt the ship." "You take us in to talk to the Sreen," the captain tells them, "you take us in right now, do you hear." I guess so. I don't think "Commander Long* would wear well over five years. But you'd better still think commander." "Maybe so. But just because we're colonists doesn't mean we have to behave like rabbits. A pregnant woman will have to be removed from the work force at the end of her term, and we can only afford one at a time. After Lucy has hers, then come ask me again. But watch Lucy carefully, dear. Have you really thought what it's going to take? Have you tried to visualize her getting into her pressure suit in six or seven months?" invited. So I never had a chance to look in one. There's an evolutionary advantage to sexual reproduction that more than makes up for all the inconveniences. * In cloning, the genetic contents of new organisms remain identical with those of the original organisms, except for occasional mutations. If the organism is very efficiently adapted to its surroundings, this is useful, but it is an extremely conservative mechanism that reduces the chance of change. Any alteration in the environment could quickly lead to the extinction of a species.. He considered it. "All right, Commander Mary." She punched him playfully. She had barely known him before the disaster. He had been a name on a roster and a sore spot in the estimation of the Astronaut Corps.
