She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake..fields, and faded into the light, and were gone.. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't know how to teach her. There are no teachers left on the mountain. There's no one to turn to..".Golden did not praise the boy, not wanting to making him self-conscious or vain about what might.smoke he saw far down the shore. "I need silence. Is that enough for you?". "Set a price?" he flashed out. Then he remembered who he was not, and spoke humbly. "No. I didn't..". "Only the Master can go there..". Maybe all magery."Lost with Ath when he went into the west," Crow said..He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. ""I have the cheese money,"" he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nickered her ear.. "It's dangerous," Crow said, "it's pointless," but he made no further objection. The modest, naive young man whom he had taught to read had become his unfathomable guide..Bog Lake gathering simples. He could always make her laugh; he was the only one who could. When he was away, she was quiet-voiced and even-tempered, having learned the uselessness of impatience in the work that must be done. Sometimes she still scowled, sometimes she smiled, but she did not laugh. When she could, she went to the Grove alone, as she had always done. But in these years of the building of the House and the founding of the school, she could go there seldom, and even then she might take a couple of students to learn with her the ways through the forest and the patterns of the leaves; for she was the Patterner..She hesitated, seeming for a moment to yield, to come to him, and then cried out, "I am not only Irian!".frightened..How long had he been standing here? She looked back at the Patterner and he still seemed a fragile being..Wordless at first, he simply shook his head. After a while he was able to laugh. Early had to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master of his art. He found out what he could. Then the boy was no good for anything and had to be disposed of. It was humiliating, again, to be outwitted by the very stupidity of these people; and all he had learned about Roke was that the Hand was there, and a school where they taught wizardry. And he had learned a man's name..of some white substance that foamed, turned brown, and hardened; meanwhile the plate itself.There was not much to be got from the people his men brought to him.
