And beyond that, nothing. There had been illusions, little spells, pebbles that turned to butterflies, wooden birds that flew on living wings for a minute or two. There had never been a choice, really. There was only one way for him to go..He knew he was no match for Early. To stop that first binding spell he had used all the strength of resistance he had. The illusion and the shape-change were all the tricks he had to play. If he faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal his love, and Veil, Crow, Dory, all of them, the fountain in the white courtyard, the tree by the fountain. Only the Grove would stand. Only the green hill, silent, immovable. He heard Elehal say to him, Havnor lies between us. He heard her say, Al! the true powers, all the old powers, at root are one..the words this night in his room in the barracks, he discerned another possible meaning in them..the boy's gaze dropped..was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made."But I will come, master!" he said. And then after a pause, "How soon?" And after a longer pause, "No, no, no. Sul can handle it. Stay home and have your party. You've been working hard. We'll hire a band. Who's the best in the country? Tarry and his lot?"..Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and probed again. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..moment, and then turned aside and ran lightly down a long, steep slope into darkness.."I don't think it's true. She turned her long, creamy-white nose and beautiful eyes to look at her rider. He smiled. Gift had never seen him smile.."If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used for base ends, it becomes weak and noxious.... Of course, even a sorcerer gets paid. And wizards, as you know, live with lords, and have what they wish..". "It must be weird, coming back like this," she said almost in a whisper. She shuddered..and from a metal-framed slot, as from a mailbox, slipped a piece of shiny paper folded in two. Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. "I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! The image of Anieb as he had first seen her, a dying woman standing alone in the tower room, was always with him. "Real power goes to waste. Every wizard uses his arts against the others, serving the men of greed. What good can any art be used that way? It's wasted. It goes wrong, or it's thrown away. Like slaves' lives. Medra set to boat-building. By the time the peaches flowered, he had made a slender, sturdy deep-sea boat, built according to the style of Havnor. He called her Hopeful. Not long after that he sailed her out of Thwil Bay, taking no companion with him. "Look for me at the end of summer," he

said to Ember..He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything.. "It's milk," I said. I must have looked like a complete idiot..Then from the foam bright Ea broke..reality is entirely up to us, dependent on our energy.. and honesty. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures..Mage..Irioth did not say yes, or no, or thanks, but went off unspeaking. The cattleman looked after him."I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours.
